The Indian Law Reports,

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat; the copies for subscribers registered by Messrs. Thacker, Spink & Co., are distributed by that firm; and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1885, the terms of subscription and sale will be as follows :—

Separate accounts, under section 10 of Act XI of 1859, were opened in respect of the 3 shares from which arrears are due. These shares were once put up to sale for arrears of revenue on the 5th January last, and the bid at which the said shares were knocked down was below the amount due to Government. Against this sale an appeal was preferred to the Commissioner of the division, who upset the sale on the 19th March last on grounds of illegality, and directed to take steps under section 14 of the sale law. Accordingly a notice was served upon the proprietors, but no one paid the arrears. Hence the entire mehal is now advertized for sale.

Tipperah Collectorate, the 7th April 1886. F. H. B SKRINE, Offg. Collector.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned escheated property situate in the district of Chittagong will be put up to sale at the camp of the Deputy Collector near the Police station, Mirkiserai, on the 20th May 1886, corresponding with 7th Joisto 1293B.S., Thursday.

The purchasers will be subject to the following conditions of sale.

CONDITIONS OF SALE.

Firstly.—The tenures will be sold to the highest bidder above the upset price. The purchaser will acquire the entire proprietary right of Government in such tenure.

Secondly.—If the amount of purchase money do not exceed Rs. 100, the whole amount to be paid down at once, unless otherwise specially directed by the Deputy Collector holding the sale.

Thirdly.—If the amount of purchase money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government) and the tenure to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale. The Deputy Collector will have power to put up the several lots singly or together, as may be found desirable at the time of sale.

General Post Office, the 14th April 1886.

Postal Notice.

WITH effect from the 1st May 1886, the limit of weight for *light* parcels exchanged with the United Kingdom through the *British Post Office** will be raised from 7lb to 11lb. The postage rate (eight annas per pound) and general conditions relative to such parcels despatched from India remain unaltered.

* *See* clauses 216 to 221 and clauses 225 to 228 of the Postal Guide, dated April 1886.

2. From the same date the maximum limit of weight for parcels exchanged with Malta and Gibraltar will be raised from 7lb to 11lb.

3. *Heavy* parcels exchanged with the United Kingdom through the medium of the Peninsular and Oriental Steam Navigation Company,† are not affected by this change: the maximum limit of weight for such parcels is 50lb, as heretofore.

† *See* clauses 217 and 225 of the Postal Guide, dated April 1886.

4. The Commissioners of Customs in the United Kingdom have recently pointed out the frequent omission, on the part of senders, to give a proper or true description of the contents of parcels forwarded from India; special attention is called to clause 211 of the Postal Guide, where it is distinctly stated that "the contents (of a parcel) "should be stated *in full detail*, a separate description of each article, and its value, being given," and that "an incorrect declaration of value renders a parcel liable to confiscation."

Separate accounts, under section 10 of Act XI of 1859, were opened in respect of the 3 shares from which arrears are due. These shares were once put up to sale for arrears of revenue on the 5th January last, and the bid at which the said shares were knocked down was below the amount due to Government. Against this sale an appeal was preferred to the Commissioner of the division, who upset the sale on the 19th March last on grounds of illegality, and directed to take steps under section 14 of the sale law. Accordingly a notice was served upon the proprietors, but no one paid the arrears. Hence the entire mehal is now advertized for sale.

Tipperah Collectorate, the 7th April 1886. F. H. B. SKRINE, Offg. Collector.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned escheated property situate in the district of Chittagong will be put up to sale at the camp of the Deputy Collector near the Police station, Mirkiserai, on the 20th May 1886, corresponding with 7th Joisto 1293B.S., Thursday.

The purchasers will be subject to the following conditions of sale.

CONDITIONS OF SALE.

Firstly.—The tenures will be sold to the highest bidder above the upset price. The purchaser will acquire the entire proprietary right of Government in such tenure.

Secondly.—If the amount of purchase money do not exceed Rs. 100, the whole amount to be paid down at once, unless otherwise specially directed by the Deputy Collector holding the sale.

Thirdly.—If the amount of purchase money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government) and the tenure to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale. The Deputy Collector will have power to put up the several lots singly or together, as may be found desirable at the time of sale.

3. Parties disposed to question the claim made by this bill are referred to sections 3, 4, 5 and 6 of Act XXIII of 1850. Transfers of property should be notified to the Collector.

G. M. GOODRICKE, Collector of Calcutta.

Survey of India Department.

Rules for the supply of maps and for the execution of Lithographic or Photographic work on the public service or on payment.

SUPPLY OF PRINTED MAPS.

1. The Map Record and Issue Office, Calcutta, supplies printed maps from stock on book-debit on the public service. It also arranges for the colouring and mounting of maps when required, but work of this description must be paid for *in cash*, as well as charges for packing cases, carriage, and postage.

2. Maps can also be obtained from the above-mentioned Office on payment *prepaid*, as well as from the following local Agents, who, however, have no authority to issue maps on the public service:—

ALLAHABAD—Curator of Government Books.
AHMEDABAD—Huzoor Deputy Collector.
LAHORE—Curator of Government Books.
MADRAS—Messrs. Higginbotham & Co.
NAGPORE—Curator of Government Books.
POONA—Supdt., Govt. Photozincographic Dept.
RAJKOT—Mr. Narainji Sunderji.
RANGOON—Curator of Government Books.
SIMLA—Messrs. Williams and Co

3. All applications for maps on the public service should be made to the Assistant Surveyor-General, in charge of the Map Record and Issue Office, 13, Wood Street, Calcutta, and should give full particulars as to the kind of map and its scale, and any other information that will guide this Office in knowing exactly what is required.

4. The mode of transit and address or station to which the maps are to be sent should invariably be specified.

5. Indent forms for maps on the public service can be obtained from the Assistant Surveyor-General, in charge of the Surveyor-General's Office.

6. Lists of all newly published maps are periodically notified in the Gazettes of India and Local Governments.

REQUISITIONS FOR LITHOGRAPHIC OR PHOTOGRAPHIC WORK.

7. The Lithographic and Photographic Offices at Calcutta reproduce maps, plans, and drawings by lithography and by photography on book debit on the public service, and on cash payment in certain special cases only. The Trigonometrical Branch Office at Dehra Dun does not, as a rule, undertake work for other departments.

8. As a rule, drawings in line can be reproduced by photozincography if suitably drawn in accordance with instructions, which may be obtained on application to the Assistant Surveyor-General, Photographic Office, No. 1, Wood Street, Calcutta. Coloured and other drawings unsuitable for photozincography must be lithographed, but the cost is considerably greater.

9. Photographs if required in large numbers can be cheaply reproduced by the photo-collotype and heliogravure processess from suitable negatives.

10. All applications for Lithographic or Photographic work on the public service should, if possible, be submitted in the following form which is not required in duplicate. Blank forms may be obtained on application to the Assistant Surveyor-General, Surveyor-General's Office :—

INDENT NO. on the $\frac{\text{LITHOGRAPHIC}}{\text{PHOTOGRAPHIC}}$ OFFICE, S. I. DEPT., for_____to be reproduced by_____ for the use of_____ *dated* _____188 .

Description of Map or drawing.	Number of original sheets.	Scale.	Scale of reproduction.	Number of copies required.	Quality and size of paper to be printed on.	Purpose for which required.	How and where to be despatched and other special instructions.
							The address, which should be affixed to the parcels or cases, to be distinctly given in full. Abbreviations sometimes lead to mistakes.

I do hereby certify that the maps, &c., specified in this indent are indispensably necessary to the best of my knowledge and belief, after the most careful examination.

Recommended.

Countersignature of approving authority. *Signature of Indenting Officer, with designation of appointment in full.*

11. All necessary information as to the scale of reproduction, number of copies required, quality and size of paper, mode of transit, and address to which proofs and printed copies are to be despatched, should be shown on the face of the indent and not in a covering letter, unless more explanation is required than can be given on the face of the indent.

12. All indents must be duly approved and countersigned by the heads of departments, or the Government under which indenting officers may be serving, before they can be supplied, viz.,—

Survey of India Department, Trigonometrical Branch,	*by* Deputy Surveyor-General	or by Surveyor-General.

and they should be addressed to the Assistant Surveyor-General, in charge of the Lithographic and Photographic Offices, Calcutta, at No. 1, Camac Street, and No. 1, Wood Street, respectively.

13. Lithographic and Photographic work will be undertaken on behalf of Municipalities, Port Trusts, Railway Companies, the Trustees, Indian Museum, and other quasi-official bodies for cash payment on indents in the form prescribed above. Private work cannot be undertaken except in very special cases, when it cannot possibly be done otherwise, and when the Office can take it up without inconvenience. On such work an extra charge of 10 per cent. will be made over and above the usual rates. In all cases where cash payment is required, an estimate will be given and the amount must be remitted before the work can be put in hand.

14. As a rule, maps and drawings reproduced by lithography or photography are not coloured, but in special cases where colouring is essential, it can be arranged for on cash payment as prescribed under Rule 1. Packing and transit charges must also be paid by indentors.

15. To enable the indenting officer, as well as the officer who countersigns and finally passes an indent, to know the cost involved thereby, the average ordinary price of each description of work executed in the Lithographic or Photographic Offices is given in the annexed list.

16. Indents should be regulated, not according to what an officer would like to have, but what is absolutely necessary. It is all cases an economy to have maps and drawings reproduced on as small a scale as possible.

The Indian Law Reports,

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat; the copies for subscribers registered by Messrs. Thacker, Spink & Co., are distributed by that firm; and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1885, the terms of subscription and sale will be as follows :—

Terms of subscription payable annually in advance.

For the complete series, *including postage*, Rs. 22-8.

DISTRICT ROAD FUND.

NOTIFICATION No. 156.

The 21st April 1886.

THE following annual accounts and reports of the Road Cess Committees of the districts of Cuttack, Pooree, and Balasore for the cess year 1884-85, together with the remarks thereon of the Commissioner of the Orissa Division, are published for general information.

D. B. HORN,
Under-Secy. to the Govt. of Bengal.

No. 12, dated Cuttack, the 8th January 1886.

From—G. M. CURRIE, ESQ., Chairman, Road Cess Committee, Cuttack,
To—The Commissioner of the Orissa Division.

I HAVE the honour to submit annual accounts of receipts and disbursements for the cess year 1884-85.

1. The accounts were only audited by a Sub-Committee under the provisions of section 179 of the Cess Act IX (B.C.) of 1880, and finally passed by the District Committee.

2. *Original works.*—There was no provision in the budget for opening new lines of communication, and consequently none has been undertaken. As in the preceding year, the Committee had to pay Rs. 5,427-14-2, for the re-valuation establishment lasted till end of the year, and with the available fund at their disposal the following original works were executed, which cost Rs. 11,977-12-11:—

Metalling	... ...	Two miles on the Taldunda road.
Bridges	... ...	One timber bridge on the Marshaghai road and another on the Chandbali road.
Culvert	... ...	One on the Madhub road.

All these above works were completed except the culvert on the Madhub road, which was left half done on account of breaches in the river embankment at site of the culvert. The unexpended balance on account of this culvert was applied to filling up breaches.

3. *Repairs.*—All the existings roads, bridges, and bungalows were repaired at a cost of Rs. 30,202-3-8. They were reported to be in fair order, and passable for traffic. Out of these, the following were considerably damaged by the late flood and cyclone. The District Engineer proposes submitting estimates for their repairs:—

1. Taldunda road.
2. Sonepore ,,
3. Madhub ,,
4. Chandbally ,,
5. Golorahat ,,
6. Indupore road.
7. Pattamoondi ,,
8. Jajpore ,,
9. Barnan ,,
10. Kuakhia ,,
11. Rambag road.

4. *Bungalows.*—No bungalows were newly built during the year under review. The old ones were repaired at a cost of Rs. 1,683. There are altogether 13 accommodation bungalows in the district, viz., 5 on Chandbali, 4 on Taldanda, 2 on Sonepur, and 2 on the Madhub road. The 5 bungalows on the Chandbali road were repaired early in the working season, and were in good condition till August last. They were reported to have been considerably damaged by the late cyclone, and are now almost unhabitable. The 4 bungalows on the Taldanda road, with the exception of the one at Fakirpara, were also damaged by the storm. Out of the bungalows on the Sonepur road, the one at Patpur, together with its outhouses, is reported to have been seriously damaged by the late flood and the furnitures injured. The outhouses were entirely rebuilt, and are now habitable. A proposal is under consideration to remove the bungalow to the hill side, to which place the police out-post and the post-office will be moved. The site proposed is suitable. The bungalow, if built, on the elevated or high ground will not be liable to be damaged as is being done almost every year by the flood-water of the Mahanuddy river, but the removal will necessitate a short branch road and a bridge across a "jor." The two bungalows on the Madhub road were repaired early last year, and are reported to be in good order.

5. *Village roads.*—During the year altogether 13 new village roads were constructed throughout the district as against 27 of the preceding year. Of these 1 in thannah Cuttack, 5 in Jagatsingpur, 3 in Salepur, 1 in Tirtole and 3 in Kendrapara. The cause of reduction in the number is ascribed partly to the reduction in the amount allotted, viz., Rs. 9,818 in 1883-84, to Rs. 5,000 in 1884-85, and partly to the general maintenance and repairs to the existing roads. The construction and repairs of these roads were chiefly made through the agency of contractors under the supervision of the District Engineer. Speaking of Kendrapara roads, the Chairman states: "Every attempt was made to have the work constructed by the men through whose villages the roads passed, but as no one was willing to do this they were executed direct by the Committee through contractors, whose works were carefully checked before payment was made by the sub-overseer."

No new village roads were undertaken in Jajpore for want of funds, which were all spent on repairs and maintenance of the existing ones. All the roads, with few exceptions, are reported to be in fair order and passable for traffic.

6. *Planting and maintaining trees on roads.*—There were 6,879 trees planted on the district roads during the year as against 1,390 of the year before. They were protected by gabions. They were generally in good condition. At the close of the year many were blown down by a heavy cyclone. Some of the trees were uprooted and lying across the roads hindering traffic. Orders were, however, issued to sell them by public auction. The District Engineer has been asked to ascertain and report the number of trees blown away by the recent cyclone.

8. The attendance of the Executive Engineers will be seen from the statement shown below—

Names of Executive Engineers.	Number of meetings held during the year.	Number of meetings attended.
Mahanuddy Division	4	1
Brahmini-Byturni Division	.....	2

9. The office of the District Engineer under the Committee was held by Messrs. Desgratoulet and MacMillan. The former having taken furlough for six months from 6th April to end of the year, the latter officiated in his place for that period. Both these officers performed their respective duties with zeal and efficiency. The establishments under the Committee are reported to have worked well during the year round.

10. A separate report on the state of collections and arrears of cesses has already been submitted in my No. 254, dated 30th October last. It will be seen from a glance to the statement A (Collection of cesses) enclosed that the percentage of voluntary payments rose from 86·81 to 90·9, and that the collection on execution of certificates from 27 to 36·1. The reason for increase of voluntary payments is that the people through fear of being charged with a heavy process fee for a small amount of cess came forward with their respective dues.

No. 38, dated Cuttack, the 20th January 1886.

From—T. INGLIS, Esq., Chairman, in charge,

To—The Commissioner of the Orissa Division.

WITH reference to paragraph 6 of my No. 12, dated 8th instant, I have the honour to enclose herein a statement showing the number of tress blown away by the recent cyclone.

T. INGLIS,

Chairman in charge.

No. 34, dated Pooree, the 19th February 1886.

From—R. PORCH, ESQ., Chairman, Road Cess Committee, Pooree,
To—The Commissioner of the Orissa Division.

I HAVE the honour to submit the annual report on the administration of the District Road Fund for the cess year 1884-85, together with a detailed account of receipts and expenditure during the cess year.

* * * * * * * *

3. There is only one Branch Road Cess Committee at the sub-division of Khorda. No meeting of the Branch Committee was held during the year.

4. *Village roads.*—A sum of Rs. 1,501-1-1 was advanced during the year for village road work, and Rs. 1,410-6-11 was outstanding since the preceding year for the same purpose out of Rs. 2,911-8, being the amount of advance for village road work. Only Rs. 548-10-6 have been adjusted during the year. Out of the outstanding advance of Rs. 2,362-13-6, the sum of Rs. 1,198 is with the Chairman of the Branch Road Cess Committee at Khorda for village road work in thannas Khorda and Banpur.

5. *Tree-planting.*—No tree has been planted on the side of any road during the year, but those already planted are being maintained. Rupees 356 has been spent for the maintenance of trees on the sides of the roads.

6. *District roads.*—Two roads, viz., one from Piplee to Khorda and the other from Patnaikia bazar to Khorda, were breached so seriously by the high flood at the end of June 1885 that the traffic on these two roads was stopped for a few weeks. The extension of the Balugan and Banpur road to Baghura is now open for traffic, but metalling and other improvements to this road are in progress. Improvements to other district roads are being gradually made.

7. *Inspection bungalows.*—The construction of two inspection bungalows, one at Protap on the extension of the Balugan and Banpur road, and the other at Jagadalpur on the Patnaikia bazar and Khorda road, at a cost of Rs. 450 and Rs. 300, respectively, were being built during the year 1884-85.

8. *Annual inspection.*—The office of the District Road Cess Committee was inspected by local auditor on the 25th February 1885.

9. The establishments under the District Road Cess Committee have discharged their duties satisfactorily.

10. Road cess was realized during the year under report at the maximum rate of six pies per rupee. The percentage of collection during the year ending 30th September 1885 is 80·4.

Memorandum of original works done and in progress during the cess year 1884-85.

1. Construction of causeways and culverts on the road from Patinakea Bazar to Khorda is still in progress. The total length of the road is nearly 22 miles. One causeway and 35 culverts have been constructed up to the end of the year.

2. The metalling work of the road from Patnaikia Bazar to Khorda has been taken in hand during the year. The road will be metalled throughout its entire length.

5. The extension of the Balugan and Banpur road to Baghura is still in progress. Rock-cutting and earthwork have been completed and the road is now open for traffic to a length of 17 miles nearly.

4. An inspection bungalow at Pratap on the extension of the road from Balugan and Banpur to Baghura, and another inspection Bungalow at Jagadalpur on the road from Patnaikia Bazar to Khorda are in progress during the year. These Bungalows not being completed during the year, could not be paid for.

PRANKISSEN ROY,

Vice-Chairman.

No. 25, dated Balasore, the 26th January 1886.

From—T. J. C. GRANT, ESQ., Chairman, Balasor Road Cess Committee,
To—The Commissioner of the Orissa Division.

I HAVE the honour to submit the annexed accounts and the following brief report on the administration of the Road Fund of this district for the cess year ending 30th September 1885.

2. The original works of the year consisted, *first* in the widening of the port road; *second* construction of drainage on the sides of the Mitterpur road; and *third* construction of culverts on the Soroh to Kupari road. Some earthworks and bridge works, &c., as detailed in the statements, were also executed in lengthening the port road which have been paid for in the current year.

3. Almost all the roads were repaired during the year more or less and kept in a passable state. Special care was bestowed on the Mitterpore and distillery roads as they are important ones and largely frequented by men and carts. Of all the district roads the one from Busta to Baliapal was in charge of the Executive Engineer of the Balasore Division, and repaired by him at the cost of the Road Fund. The Committee have this year adopted a new system of repairing the roads which will improve their condition materially. Formerly they used to make annual allotments more or less for all the roads in their list, the consequence of which was that the most important ones could not be throughly repaired, and the others remained almost in the same state. An attempt to maintain a large number of roads, without improving any one of them materially, results in a mere waste of money. Being conscious of this, the Road Cess Committee have weighed the usefulness of the roads, and at a recent meeting resolved, *first* to lay their hands on the most important ones. The current year's budget was prepared on this principle. This is no doubt a step in the right direction, and I am sure, will raise the conditions of the roads. The case of the Chandbali road deserves a passing notice here. In its No. 1381, dated 31st May 1881, issued from the Public Works Department, the Government of Bengal sanctioned a grant-in-aid of Rs. 50,443, to the Road Cess Committee for construction of this road. Out of this amount Rs. 39,152-1-7 was recovered by the Committee up to the close of the last year to meet the expenditure made on it by the Public Works Department during 1882-83 and 1883-84. In his No. 211B, dated 9th July 1885, the Accountant-General called upon the District Road Committee to pay Rs. 13,211-4-8, the expenditure made in 1884-85. But as there was a balance of Rs. 11,290-14-5 only from the aforesaid grant available for expenditure, you were requested in this office No. 201, dated 28th August 1885, to move Government to make a further grant of the surplus Rs. 1,920-6-3. But again the Accountant-General demands a further sum of Rs. 9,302-15-1 expended on the road during 1884-85. The matter will be shortly taken into consideration by the Road Cess Committee; but in all probability they will express their inability to pay so large an amount, limited as their resources are, and request Government to pay it. The Executive Engineer of the Acquapada-Jajpore Division says that Government has ordered to stop the work.

4. *Village roads.*—The funds allotted for the village roads could not be wholly utilised during the year, as some deductions had to be made from them to meet other emergencies. However, the applications of villagers for grants were entertained as far as possible, and the advances made to them during the year were adjusted by actual work before the end of the year. The works were subject to the supervision of the District Engineer. The Committee is fully alive to the importance of opening village communications for the benefit of the cess payers living in the mofussil, as it is unjust to use the money paid by them in any way which will not promote their interest.

5. Some improvement has been effected in the state of the arboricultural operations of the district. Formerly the trees planted on the sides of district roads could not be properly looked after, as only one mally was in charge of no less than two roads. But a new scheme has now been adopted. It has been determined to select a few roads every year

in consideration of their importance and requirements and plant trees, first on their sides and then commence with new ones in the following year. The plants will be fenced with iron nettings in order to be preserved from the encroachments of cattle. The nursery gardens were kept neat and clean, and the trees therein were carefully preserved and seedlings planted. The system framed by the Committee of paying rewards to persons who would plant and tend trees on the sides of the roads, has not been attended with any degree of success. Only one man made an attempt in this direction, and was no doubt successful. He has been properly rewarded for his labour.

* * * * *

7. *Committee.*—The Suddar and Sub-divisional Committees consist of 17 and 15 members, respectively.

* * * * *

8. *Attendance of Executive Engineer.*—The Executive Engineer of the Balasore Division attended only one meeting of the Committee, and the Executive Engineer of the Acquapada-Jajpur Division none.

9. *Working of the Cess Act IX (B.C.) of* 1880.—The working of this Act has not given discontentment to anybody. The generality have well understood that the road cess levied from them is used solely for their benefit in the shape of construction of roads and bridges, &c. Arrears of cess are realized by aid of the certificate procedure under Act VII (B.C.) of 1880. The re-valuation operations have been drawn almost to a close, and on their completion the cess revenue will be much increased.

10. *Character of officers.*—Baboo Kali Pada Mukherjee was Cess Deputy Collector throughout the year under report.

Hon'ble Kumar Baikuntha Nath De was Vice-Chairman of the Road Cess Committee during the year, except when he went out to Calcutta for a few months as an Hon'ble Member of the Bengal Legislative Council, during which period Baboo Kali Pada Mukherjee acted as Vice-Chairman, *ad interim*. I have nothing to say further than that the Kumar continues to merit the high character he has earned for himself as Vice-Chairman.

Establishment.—Baboo Kishori Mohon Mukherjee was District Engineer of the Committee throughout the last year, and has given full satisfaction in that capacity.

BHOBOTOSH BANERJEE,

Explanatory sheet to accompany the Road Fund Annual Accounts for 1884-85.

(*a*). The original provision was supplemented by a grant of Rs. 1,065, as sanctioned in Commissioner's No. 360C., dated 7th September 1885.

(*b*). This amount was sanctioned in Commissioner's No. 187C., dated 30th May 1885, and the excess expenditure is to be met from the general savings of the fund, as it was unavoidable.

(*c*). The original grant was Rs. 800, to which Rs. 600 was added as sanctioned in Commissioner's Nos. 94C. and 362C., dated 23rd March and 7th September last, respectively.

(*d*). The original provision of Rs. 500 had an addition of Rs. 750 to it, as sanctioned in Commissioner's No. 61C., dated 20th February 1885.

(*e*). Rupees 500 was deducted from the original allotment of Rs. 4,000, as sanctioned in Commissioner's No. 187C., dated 30th May 1885.

(*f*). The original grant of Rs. 500 was supplemented by a sum of Rs. 700, as sanctioned in Commissioner's No. 61C., dated 20th February 1885.

(*g*). The excess expenditure was indispensable, as the road is very important and was not in good order. It is to be met from the general savings of the fund.

(*h*). Rupees 400 was added to the original allotment of Rs. 400 with the Commissioner's sanction, received in his No. 61C., dated 20th February 1885, but still the whole amount was inadequate to keep the road in good order, and therefore an excess expenditure of Rs. 794-14-3 was incurred, which will be met from the general savings of the fund.

(*j*). The amount actually paid in advance for this road during the last year was Rs. 200, for which accounts have not been received from the Executive Engineer in charge of it. At the beginning of the last year, Rs. 1,061-1 was outstanding as balance in the hands of the Executive Engineer for this road, of which accounts for Rs. 1,060-6 were received during the year, and consequently this amount is shown as expenditure against this road.

(*k*). These amounts represent the original budget allotments, plus the additional grants sanctioned in Commissioner's No. 61C., dated 20th February 1885.

(*l*). Rupees 150 was added to the original provision of Rs. 250, as per Commissioner's No. 61C., dated 20th February 1885.

(*m*). This amount shows a decrease of Rs. 1,000 from the original budget allotment which was transferred to other heads, as sanctioned in Commissioner's Nos. 187C. and 360C., dated 30th May and 7th September 1885, respectively.

(*n*). These excess amounts will be met from the general savings of the fund.

BHOBOTOSH BANERJEE,
Deputy Collector in charge, for Chairman.

No. 134C., dated Cuttack, the 5th March 1886.

From—The Commissioner of the Orissa Division,
To—The Secretary to the Govt. of Bengal, Public Works Dept.

I HAVE the honour to forward herewith in original the annual accounts and reports of the Road Cess Committees of Cuttack, Pooree and Balasore, for the year 1884-85 for publication in the *Calcutta Gazette* under section 179 of the Cess Act IX (B.C.) of 1880.

2. The reports and accounts have been prepared agreeably to the instructions contained in Government orders Nos. 973A of the 14th September and 201A of the 26th February 1880, respectively.

Separate accounts, under section 10 of Act XI of 1859, were opened in respect of the 3 shares from which arrears are due. These shares were once put up to sale for arrears of revenue on the 5th January last, and the bid at which the said shares were knocked down was below the amount due to Government. Against this sale an appeal was preferred to the Commissioner of the division, who upset the sale on the 19th March last on grounds of illegality, and directed to take steps under section 14 of the sale law. Accordingly a notice was served upon the proprietors, but no one paid the arrears. Hence the entire mehal is now advertized for sale.

Tipperah Collectorate, the 7th April 1886. F. H. B. SKRINE, Offg. Collector.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned escheated property situate in the district of Chittagong will be put up to sale at the camp of the Deputy Collector near the Police station, Mirkiserai, on the 20th May 1886, corresponding with 7th Joisto 1293B.S., Thursday.

The purchasers will be subject to the following conditions of sale.

CONDITIONS OF SALE.

Firstly.—The tenures will be sold to the highest bidder above the upset price. The purchaser will acquire the entire proprietary right of Government in such tenure.

Secondly.—If the amount of purchase money do not exceed Rs. 100, the whole amount to be paid down at once, unless otherwise specially directed by the Deputy Collector holding the sale.

Thirdly.—If the amount of purchase money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government) and the tenure to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale. The Deputy Collector will have power to put up the several lots singly or together, as may be found desirable at the time of sale.

Chittagong Collectorate, the 7th April 1886. A. MANSON, Collector.

NOTICE is hereby given that the lease of the land specified in the schedule hereunto annexed, and of which the plan is open to inspection at the office of the Commissioner of the Sundarbans, has been applied for by Huri Mohun Basar, and will be sold at 12 o'clock noon on the 2nd August 1886, Monday (18th Shraban 1293 B.E.), at the Sundarban Commissioner's Office at Alipur, unless meantime the sale is stopped or postponed in consequence of claims or objections under Act XXIII of 1863 (to provide for the adjudication of claims to waste lands), or owing to any other cause.

2. The lease of the land will be granted subject to the conditions which are specified below, as well as to the general terms annexed to the rules for the sale of leases of waste lands, dated 12th November 1879.

Conditions.

That the lands shall be subject to all existing rights of all way and water and all other easements.

That the right of using all streams and channels in any way navigable shall be reserved to public, as also the use of a towpath, not less than 25 feet in width, on each side of every such stream and channel.

That no charge shall be made for wood and timber standing on the land at the time it is leased, nor for any wood which may be cut and burnt to effect clearances, or which may be used on the lands. But for wood and timber exported for sale, a duty shall be levied at such rate and in such manner as may from time to time be prescribed by Government.

That the Government reserves to itself the right to all minerals in the land, together with such right of way and other reasonable facilities as may be requisite for working, getting and carrying any such minerals. It also retains its proprietary right in the land, and only confers on the lessees an occupancy right which shall be hereditary and transferable.

2. The new half-anna and one-anna envelopes are larger in size than those now in use, and the quality of paper is also superior in the case of the new envelopes.

3. The existing half-anna and one-anna embossed envelopes will still be offered for sale at the value denoted upon them.

4. The registration envelopes of both sizes are now introduced into India, for the first time: they are recommended for use in connection with registered letters as providing security against damage in transit and against tampering. It should be borne in mind that the embossed stamp on the registration envelopes represents the registration fee only, and that when using these envelopes, postage stamps to the required amount should be affixed in the usual way in payment of ordinary postage.

5. An adhesive stamp of the value of 4½ annas will also be available for sale to the public by the 1st May or shortly afterwards. This stamp is intended for use on letters addressed to the United Kingdom and to countries served through the United Kingdom.

PUBLIC WORKS DEPARTMENT, BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION No. 169.

The 30th April 1886.

THE following accounts and reports of the Road Committees of the districts of Hazaribagh, Lohardugga, Manbhoom, and Singhbhoom, for the cess year 1884-85, together with the remarks thereon of the Commissioner of Chota Nagpore, are published for general information.

D. B. HORN,

Under-Secy. to the Govt. of Bengal.

No. 60D.R, dated Hazaribagh, the 29th December 1885.

From—LIEUT.-COL. C. H. GARBETT, Chairman, District Road Cess Committee, Hazaribagh.

To—The Commissioner of Chota Nagpore.

I HAVE the honour to submit the following report on the operations of the District Road Fund during the year ending 30th September 1885.

2. Two meetings were held during the year under report, and there was sufficient attendance at both of them to form a quorum. A large number of members having ceased to be such under sections 133 and 115 of the Cess Act, and three of the members having died, the list of members was revised, and the Committee reconstructed during the year with the sanction of Government. * * * *

3. A summary of the business transacted at the meetings is given below—

(1)—Preparation of the budget estimate, and determination of the rate of cess for 1885-86.

(2)—Audit of annual accounts, and consideration of the Annual Report for 1884-85.

(3)—Passing estimates of different works for 1884-85.

(4)—Distribution of village road grants.

(5)—Revision of the list of members.

(6)—Consideration of the proposal for construction of cart serais in certain places.

(7)—Consideration of the Government letter (No. 1639T.M , dated 12th October 1884.) regarding the transfer of cantonment roads to the Road Cess Department and other miscellaneous matters.

4. Major E. G. Lillingston, Deputy Commissioner, having been transferred from the district, the office of the Chairman was held by Lieutenant-Colonel C. H. Garbett from the 2nd July to the end of the year.

5. The term of two years having expired since the appointment of Baboo Girendra Nath Mitter, he was, on the recommendation of the Committee, re-appointed as Vice-Chairman.

6. The Sub-Committee met every month to audit the accounts.

7. *Branch Committee.*—There is only one Branch Committee, namely, at Giridi.

8. There were eight meetings held during the year, and the attendance of the members is reported to have been fair.

9. The demand on account of cess on lands and mines during the year amounted to Rs. 45,284 against Rs. 45,389. The decrease, Rs. 105, was the result of new valuation of mines.

10. The total amount recoverable during the year, including the arrears of last year, was Rs. 47,042, out of this amount Rs. 45,046 was collected, the balance outstanding at close of the year being Rs. 1,996. Besides the collections stated above, Rs. 50 was collected as advance for the next year.

11. The outstanding balance at close of the year was a little larger than that at the end of the previous year. This appears to be due to high prices of food-grains throughout the year. The general result of collections may, however, be said to have been satisfactory, as the percentage of collections on current demand was above 95 per cent.

12. *Original works.*—The arches on the Lalabandh bridge, on the Hazaribagh and Chattra road, were constructed during the year. The earthwork on the Burhee and Gawan road up to Domchanch, which was commenced last year as a *quasi*-relief work, was resumed this year, and about $\frac{3}{4}$ths of the work completed.

13. *Repairs.*—The metalled roads aggregating to about 37 miles, have been duly maintained. For want of funds not more than two miles of the Chowparun and Chattra road instead of five could be renewed during the year. This road has increased in importance since the opening of the Gya Railway, as all the traffic from Balumat *viâ* Chattra passes through this road into the Gya Railway station *viâ* Chowparun and Dabbee. The fair-weather roads have also been duly kept up, and are open to wheel traffic.

14. It is desirable that the surface of the important fair-weather roads should be gravelled as funds are available for the purpose.

15. The earthwork on the fair-weather roads was partially done during the rainy season. Having to depend solely on cultivators for labour, it is difficult to secure their services during the rainy season, as they are then fully engaged in cultivation.

16. *Village roads.*—Rs. 7,000 was provided in the budget for village roads during the year. Out of this amount Rs. 6,530-8-2 was expended; namely, Rs. 3,763-2-5 in the head-quarters sub-division, and Rs. 2,767-5-9 in the Giridi sub-division. The works in the head-quarters sub-division were executed under the supervision of the District Engineer, and those in the Giridi sub-division under the supervision of the Branch Committee. The number of village roads having been considerably increased of late, they could not be kept up as efficiently as they used to be kept before. The most important ones only are properly repaired, and the others only partially. They are all, however, reported to be fit for saggor and cart traffic.

17. The Sub-Divisional Officer of Giridi reports that several of the roads repaired under the Branch Committee during the year have not yet been inspected by him, but that he intends to do so during his cold-weather tour.

18. *Trees.*—No new trees were planted during the year; those planted during the previous years were maintained by establishment of malies.

19. *Nursery Gardens.*—A small nursery garden is kept up in the office compound only. The mahogany plants, 85 in number, which were in the nursery, are being transplanted on road side.

20. *Staging Bungalow.*—There is only one staging bungalow under the Road Cess Committee, namely, at Ramghur. It yielded a receipt of Rs. 95. The cost of maintenance and repairs of the building during the year was Rs. 405-2-9.

21. All works, except the maintenance of trees, were done through contractors. The District Engineer reports that want of good and active contractors is much felt, very probably owing to the scarcity of labour which is daily increasing. The most able-bodied men are taken away to the tea gardens in Assam by Emigration Agents, and to Burmah by the Revenue Survey Department. The Sub-Divisional Officer of Giridi reports that the works done by the contractors under the Branch Committee were not on the whole satisfactory.

22. *Establishment.*—The several establishments employed under the Committee have worked well during the year.

Mr. A. H. Gantzer was the District Engineer throughout the year.

GERENDRA NATH MITTRA,

Vice-Chairman, Road Cess Committee.

No. 263, dated Ranchee, the 20th February 1886.

From—The Chairman, District Road Cess Committee, Lohardugga,

To—The Commissioner of Chota Nagpore.

I HAVE the honour to submit herewith the annual accounts and report on the working of the Road Cess Act, IX (B.C.) of 1880, for the cess year ending the 30th September 1885

* * * * * * *.

3. During the year under report, there were seven meetings of the District Committee, of which six were special and one ordinary. Four special meetings were adjourned for want of a quorum. The average attendance was the same as in the previous year. It will be observed that the attendance both of official and non-official members of the District Committee during 1884-85 was very unsatisfactory; for out of six official and twelve non-official, three official and six non-official members did not attend six consecutive meetings, and consequently their names had to be struck off the list under section 115, Act IX (B.C.) of 1880. No new members have yet been appointed in their places. Regarding Palamow Branch Road Cess Committee, * * * the attendance of the members was unsatisfactory.

4. The accounts of the year were duly examined and audited by a sub-committee consisting of the Vice-Chairman and two other English-knowing members appointed under section 179 of the Cess Act, and were passed as correct.

5. The increase in the amount of collection under the head of cess on land is principally due to the realization of arrears outstanding at the close of the preceding year. The increase under the head fees, fines and forfeitures is due to the collection of process fees under the Public Demands Recovery Act.

6. The cess was levied at the maximum rate. There was no difficulty in collecting it at head-quarters. In the Palamow sub-division also the payments appear now to be more punctually made than before. The tenure-holders seem to be beginning to see that the recovery by the certificate procedure is speedy and certain, and that it is better to pay up punctually.

7. The road cess is not unpopular in the district: the people now understand that the money is only spent for their benefit.

8. *Original works.*—One permanent masonry bridge of two spans of 20 feet has been constructed during the year under report. Materials have been collected for the construction of a permanent masonry bridge of four spans of 25 feet each. On the Ranchee and Palkote road a timber-tapped bridge has been finished. In addition to the above some expenditure was incurred in making survey on the Daltongunge and Moharajgunge road.

9. *Plantation.*—The work of tree-planting has been extended over 28 miles of roads. The total length planted out up to end of the year is 95 miles. The trees planted are thriving. Two small nurseries have been started in which to rear trees before transplanting on the roadsides.

10. *Repairs.—The Ranchee-Lohardugga road*, 47 miles.—This very important road, over which a very heavy traffic passes, has been kept in fine order. In places it has been gravelled, and this will be continued as funds permit, for it will be a great saving in the end. Ordinary earthwork without gravelling is of no use on such a road, whether traffic is very considerable.

The Lohardugga and Chatra road, about 46 miles to the boundary of the district.—This also is a very important road. Formerly it used only to be maintained to Balumath, about 10½ miles from the district boundary, the portion between Balumath and the boundary being neglected. During 1884-85, however, the whole road has been taken in hand, and at the close of the year only a small portion required to be completed before opening the road for wheeled traffic.

The road from Rooroo to the head-quarters sub-division boundary towards Daltongunge, about 23 miles.—This road leaves the Ranchee and Lohardugga road at Kuroo, and with that road forms what we may call the "Grand Trunk" road of the district: it is the direct road to the Palamow sub-division head-quarters at Daltongunge. It crosses the proposed line for the Benares-Cuttack line of railway, and is a most important line of communication in every way. It crosses the Amjharia ghât than which I have not seen a better ghât road in India. The whole of this road to the head-quarters sub-division boundary has been kept in repair. But some extensive original work in the shape of re-alignment to avoid the Murgi Jharia ghât is required.

Ranchee-Bundgaon road, about 38 miles to the district boundary.—This is the chief road to Chyebassa, the head-quarters of the Singbhoom district, and crosses the Bengal-Nagpore line of railway at Chakhurdurpur where there is to be station. Ordinary repairs and a little bridge work have been done to this road.

Ranchee Terai road, about 50 miles in this district.—This is another most important road. Its name should be changed to Ranchee and Chandil road. It is the nearest route from Ranchee to the Chandil station on the Bengal-Nagpore Railway. Besides ordinary maintenance works, one bridge has been raised and approaches repaired. There has been a good deal of patching and alterations going on this road, but it is now going to be surveyed throughout, and then altered once for all as our funds may admit. But to put this road into the state which it should be considering its importance will be quite beyond the means of the Road Cess Committee, and it is hoped that some assistance will be given from Provincial Funds.

Ranchee-Palkote road.—This road *viâ* Kurra and Bassia is mostly only a track. The diversion from 12th to 39th mile, started in the cess year 1883-84, was completed during the year under report; but this diversion adds to the distance, and at present is not used at all by travellers. Slight repairs have been done on the 1st to 11th miles only.

Khunti, Kamdera, Ranchee-Palamow, Ranchee-Gola, Ranchee-Pithoria.

Ordinary repairs have been executed on the roads mentioned in the margin. Funds have not been available for the proper repair of the bridges and culverts on these roads, and which I found in a shocking state.

Lohardugga, Sambalpur, Palma, Lohardugga, Bundu-Jhalda.

Little has been done to these roads. A large sum of money has been spent on re-alignments out of repairs, but in the Palma-Lohardugga and Bundu-Jhalda roads these have been abandoned as unnecessary, and as adding considerably to the length of the roads. The Lohardugga-Sambalpur road is a very important one, as it is the only route for carriage of the traffic from Surguja to the south towards Lohardugga and Ranchee. The road is over 80 miles in length, and it is beyond the means of the Committee to put this length of road in repair. For 17 miles from Lohardugga the road is now maintained.

11. *General remarks.*—The most important question now before the Road Cess Committee is the construction of feeder roads to the Bengal-Nagpore Railway. As this question has been fully treated in my letter No. 219, dated 5th February 1886, it need not find any place in this report. The work done in the year under report was satisfactory. Rupees 5,995 had to be transferred from original works to repairs. Considering the small fund the Committee has at its disposal, it is not in my opinion advisable to spend large sums of money in building large and costly bridges. At present what is much more urgently required is the completion of the roads by doing the necessary earthwork and opening feasible ghâts.

12. *Village road repairs.*—About eight village roads were maintained and two newly opened. The number of the village roads is increasing: it will be necessary to increase the allotments.

13. *Accounts.*—The monthly accounts of the road fund and of the District Engineer's office were examined by the Vice-Chairman alone. It is said that it was found difficult to procure the attendance of two other members to examine them.

14. The Local Auditor inspected this and the District Engineer's office on the 15th September 1884, and has just finished his inspection for the current year.

15. The establishments required under the Road Cess Act are—

(*a*)—Establishment for collection of revenue.
(*b*)—Committee's office establishment.
(*c*)—Engineering establishment.

16. The establishment for collection of revenue at head-quarters consists of one head-clerk and accountant, one assistant clerk, one mohurir and one peon. These officers also do the work connected with the Committee's office, for which there is no separate establishment. The establishment under the sub divisional officer of Palamow consists of one clerk, one mohurir, and one peon.

Remarks on the establishment.—The accountant and head clerk, Baboo Nundo Lal Chatterjee, is reported by the Vice-Chairman to have discharged his duties satisfactorily as in the previous year.

17. The District Engineer, Baboo Jogendro Nath Ghose, is reported to have always given satisfaction in his work as in the preceding year. My predecessor, Collector Samuells, had, I believe, a very high opinion of him.

18. The District Engineer reports that the establishment noted in the margin, employed under him, have worked well. He particularly notices the service of Baboo Preyo Nath Mittra, overseer, Palamow, and Mohesh Chandra Paul, sub-overseer of the Lohardugga Circle. I have lately had an opportunity of judging of these two officers myself, and concur in the opinion expressed.

Three sub-overseers, one clerk.

19. The roads, bridges, and culverts mentioned in the budget estimate for 1885-86 (sanctioned by Government) are the works proposed to be taken in hand during the ensuing year 1885 86.

20. The works have all been executed by contract during the year under report, and the small sums advanced to the contractors have been adjusted, except in a few disputed cases.

21. Baboo Ashutosh Gupta, Assistant Magistrate and Collector, was Vice-Chairman throughout the year.

Annual Report of the District Road Cess Committee of Manbhoom for the cess year 1884-85.

1. *Working of Cess Act, IX (B.C.) of 1880.*—The demands, collections, and balances of 1884-85, as compared with the previous year, is shown in statement A. The result of the year on the whole contrasts very favourably with that of the past year. The percentage of collections to demand of cesses on land is above 99, to 93 of the previous year. There is a trifling decrease in the percentage of collections of cesses on mines. The balance at the end of the year has been considerably reduced, represented by the figures 1 to 7 of the previous year. There were no remissions during the year.

The total demand on account of cesses on mines, &c., for the year under report was Rs. 2,963 against Rs. 2,602 during 1883-84, this increase being due to the enhanced assessment on the Burrakar Coal Company.

The total collection made previously in advance, as shown in column 7 of Statement A, was Rs. 137, against Rs. 500 during the year previous. The difference is due to the fact that in 1882-83 collections were made according to the enhanced demand under the revaluation which was subsequently quashed and ordered to be revised by the Board, consequently pending revision the collections which were made under the enhanced demand had to be adjusted with reference to the demand under the old valuation, and the surplus was carried to the credit of the succeeding year.

The following is an explanation of the balance, Rs. 676 :—

	Arrear. Rs.	Current. Rs.
Since collected	.....	138
Immoveable property has been attached and 25th November has been fixed for sale ...	.....	246
Processes have been issued for arrest and attachment of moveable property ...	9	123
Inquiry is being made for property ...	160	.....
Total ...	169	507

The last balance, the whole of which is arrear balance, is entirely due from persons working coal mines, stone and ghooting quarries : most of them have given up the work, and their whereabouts cannot be traced. A large portion of this balance, it is presumed, will have to be remitted.

Working of the Committee.—A meeting was convened every month, and there was no meeting without a quorum.

* * * * * * * *

The following is a summary of the work done by the Committee during the year under review :—

(1). Passing of annual accounts and report for cess year 1883-84, and discussion over Government Resolution on the Chota Nagpore Administration Report for the past year on the subject of railway feeder roads. The Committee, in the first instance, resolving to forward a map of the district to the Engineer-in-Chief, Bengal-Nagpore Railway (before preparing scheme of feeder roads), to ask him to make the line of railway through the district. Also consideration over a project laid before the meeting by the Chairman for taking in hand at once the unfinished famine road between Manbazar and Raghoonathpore, with the object of affording work to the poorer classes of people in pergunnah Bagdah and its neighbourhood, owing to the extensive failure of the high land paddy crop. The Committee approving of the proposals generally, and agreeing to a transfer of the necessary funds from other works (in the event of Government refusing assistance), to be paid for from next year's income.

(2). Discussion over the Commissioner's letter No. 253 DR, dated 19th February 1885, declining to sanction the expenditure of any road fund money on the improvement of a bund at Paroi, near Poucha, on the road between Manbazar and Raghoonathpore. The Committee still maintaining their opinion as to the desirability of undertaking the improvement of the said bund and also regarding the construction of a staging hut at Paroi, near Poucha.

(3). Discussion over District Engineer's letter No. 62, dated 7th April 1885 praying that the Committee will place on record their views regarding his application for increased pay and allowances, as he had on three occasions been recommended for the increase of pay, without meeting with success: the members unamiously being of opinion that the District Engineer's application was reasonable, and resolving that, with the sanction of higher authority, his pay be raised from Rs. 150 to Rs. 250, and that his salary at the latter rate be provided in the next year's budget, to be drawn from 1st October 1885.

(4). Passing the usual monthly accounts, and nominating a member to fill up a vacancy in the Committee, owing to the death of one of its members.

(5). Consideration over District Engineer's letter No. 92, dated 1st May1885, submitting rough sketches of the lands required for the construction of a cart serai at Chandankiari on the Raghunathpore-Hazaribagh road, and for the extension of the existing serai compound at Jaypore on the Purulia-Ranchee road.

(6). Passing of the budget estimate of receipts and expenditure for cess year 1885-86.

(7). Passing usual road fund monthly accounts, and re-appointment of a member for the standing Audit Sub-Committee, owing to death of one of the members of the Audit Sub-Committee.

3. *Branch Committees.*—None in this district, maintenance of village and other roads in the Govindpore sub-division being under the management of the sub-divisional officer, who draws cheques against allotments made in budget annually. The cheques, &c., being signed and countersigned by the Chairman and Vice-Chairman of the sudder sub-division.

4. *Working Establishment.*—There have been no changes during the year under report. *Baboo Nunda Gopal Banerjee, District Engineer,* performed his duties to my entire satisfaction. He is hardworking, painstaking and intelligent; is always on the "move" looking after district works, and having been here some time thoroughly understands every part of this district. He is, in my opinion, well deserving of the increased pay for which he has applied. *Mr. G. V. Thompson* still continues as Accountant. He is hard-working and very methodical; keeps his books and accounts neatly and correctly, and

has discharged his duties satisfactorily. Mr. Thompson has also applied for an increase to his salary. At a recent meeting the members unanimously agreed that he was deserving of this increase. The subordinates in the District Engineer's office discharged their duties efficiently, and at no time were any complaints made against any of them.

5. *Works done during the year.*—In Appendix B is shown abstract of all works done during the year under review and their respective cost.

(*a*). *Sudder sub-division.*—There was no provision for any original work. The works were chiefly restricted to the maintenance of all the finished roads in the district; muddy portions of the Purulia-Chyebassa, Purulia-Bankura, Purulia-Manbazar, Jhapra-Govindpore, Raghoonathpore-Raneegunj, Raghunathpore-Bankoora, and Chara branch roads were improved by gravelling. The roads from the Damudah junction towards Koilapal and Barrabazar, from Roghoonathpore towards Hazaribagh, from Purulia to Chass, and from Manbazar towards Bankoora, were also taken up and generally repaired to make them fit for wheeled traffic, and some cheap stone culverts constructed in most of them. The old famine road from Manbazar to Roghoonathpore was taken in hand this year and repaired to some extent as far as Hura.

(*b*). *Village roads.*—Several of these were repaired and improved by constructing rough stone and wooden culverts in most of them.

(*c*). *Cart serais.*—Those constructed in previous years were kept in repair and a new one was constructed at Chandankiari along the Roghunathpore-Hazaribagh road.

(*d*). *A Nursery*—For young plants was started in 1882-83 in the sudder station, and was maintained in very good order. A large number of young plants were transplanted along the different roadsides during the rains.

(6). *Govindpore sub-division.*—The road from Govindpore towards Toondi was greatly improved by making the road fit for cart traffic, and excepting a very short bit about three-fourths of a mile, the line is open for carts all the way between Toondi and Govindpore. The *village road* from Govindpore to Jherria had become very bad lately, and was improved to some extent by the construction of some cheap stone culverts. The Rajgunj and Nowaghar village road was also generally improved, as far as funds permitted. The *cart serais* in the sub-division (along the Grand Trunk road) were maintained in very fair order. Some improvements were done to the staging bungalow at Nirsha by an out-house, &c.

H. W. HILL,

Vice-Chairman, District Road Cess Committee.

The 22nd December 1885.

Memorandum showing in detail the balance at credit of Deposits on 30th September 1885.—*Nil.*

Form of Audit Certificate.

WE hereby certify that the books and accounts specified below,* prescribed for the Road Cess Office and for the office of the District Engineer, are duly kept up, and that they have been posted for the year 1884-85, and they have been duly scrutinized by the Sub-Committee.

ALSO that the Treasury Officer's abstract of the accounts of the Committee for the year has been duly received and checked with the cash and pass-books, and found to agree therewith, with the exception of a discrepancy of one pie in the closing balance, which the Treasury Officer will reconcile after communication with the Accountant-General, Bengal.

That the vouchers for the payments of the year have been cancelled. That no advances were made during the year, that none but duly sanctioned expenditure has been incurred, and that in the case of original works the register of monthly expenditure shows clearly the amount of sanctioned estimate, the grant for the year, and generally that the work of the office has been performed with a due observance of the rules prescribed by Government.

NANDULAL GHOSH, RAM DOYAL MOZUMDAR, *Members of S. A. C.*

H. W. HILL, *Vice-Chairman.*

* Road Cess Office:—(1) cash book; (2) cash abstract; (3) register of monthly receipts and expenditure; (4) account of deposits); (5) account of advances.
District Engineer's Office:—I. Accounts, viz.:—(1) files of contract certificates; (2) files of bills for purchases or purchase lists; (3) files of day-books; (4) files of establishment bills; (5) files of acquittance rolls. II. Books, viz.:—(1) imprest cash book; (2) register of bills passed; (3) register of works and repairs; (4) register of tools and plant.

Explanatory Note.

THE excess expenditure of Rs. 70-11-1 under head of "Establishment and Contingencies of Office of Collection" is owing to unforeseen charges having occurred in connection with the revision of late revaluation.

2. The excess of Rs. 3-7-11 under head of "Establishment and Contingencies of Committee's Office" was on account of some petty miscellaneous charges.

H. W. HILL, *Vice-Chairman,*

PURULIA,
The 21st December 1885.

NANDA GOPAL BANERJEE,
District Engineer, Manbhoom.

SINGBHOOM DISTRICT.

Annual Report of Road Operation during the cess year 1884-85.

No. 1.—*Chyebassa-Midnapore road, 71 miles.*—Eleven miles of this road were thoroughly repaired, and surface repairs, wherever necessary, over the remaining portion were executed. The two timber platform bridges at Gobindpur and Khokero could not be renewed, as the Superintending Engineer suggested certain alterations in the design, and Government ordered stoppage of all original works in April last.

During the coming year it is proposed to complete the above bridges and to construct some new bridges and culverts.

No. 2.—*Nursingurh-Baharagorah road*, 21 *miles.*—Four miles of this road were realigned and completed by digging side trenches and clearing jungles. During the cess year 1885-86 repairs to culverts and to such parts of the road as have been greatly damaged have been provided for.

No. 3.—*Burrakur road*, 31 *miles nearly.*—Thorough repairs of earthwork done over 12 miles of the road. As for the remaining portion the surface was dressed and levelled wherever it was found necessary to do so. Gravel was collected and stocked on road side for improving the muddy portions of the 4th and 5th miles.

The Tangrain bridge timber platform was substituted by two 16-feet span arches.

During the year 1885-86 it is proposed to construct one bridge, and improve the ramps of the Sanjye river.

No. 5.—*Chyebassa-Ranchee road up to Bandgaon*, 44 *miles.*—Eleven miles of this road thoroughly repaired, and the remaining portions needed no repairs. Three culverts repaired.

During the coming year it is intended to rebuild two culverts that are partly broken, and to improve the ramps of the Sanjye and build one or two culverts.

Nos. 10 *to* 21.—*Village roads in the Government Kolhan.*—Ten miles of the line from Jaggernathpore to Joypore, and thence to Kharbond, have been realigned; the realigned portions had trenches cut on both sides of it and was cleared of jungles. The remaining portion was repaired wherever necessary.

During the cess year 1885-86 it is proposed to realign 4 miles.

No. 22.—*Chakulia-Baharagorah road.*—Two miles of this were realigned, and urgent repairs executed here and there. During the cess year 1885-86, it is proposed to complete the realigned portion and construct one wooden culvert and repair another.

Petty surface repairs have been executed to the roads noted below:—

No. 4.—Khursowan road.
„ 6.—Gurjan road.
„ 7.—Jyntgurh road.
„ 8.—Bamanghati road.
No. 9.—Seraikela Chukerdhurpur road.
„ 24.—Kalkapore police-station road.
„ 25.—Robogbat road.
„ 26.—Chirop Ghagree road.

No. 23.—*Goodri road*, 44 *miles.*—Two miles of this road have been realigned, and surface repairs have been executed to the remaining length. During the coming year the repairs to the culverts are proposed, as also thorough repairs to 10 miles of the road from Sauna.

No. 6.—*Garjun road*, 51 *miles.*—During the coming year the line of operations proposed to be followed on this road will be similar to that on the Goodri road.

Shelter-houses.—During the cess year 1885-86, it is proposed to run up 15 neat huts on the several roads to provide for the shelter of the working staff, as at present there exist no manner of inspection bungalows or rest-houses throughout the district, except one staging bungalow on the Bandgaon road. Under these circumstances, the necessity for the construction of such huts cannot be over-estimated.

Arboriculture.—The two miles of the Burrakur road from the Rorho northwards were planted on both sides with fruit trees, numbering 400, the distance apart between the trees being not less than 50 feet.

The existing plants on the Midnapore road, Jyntgurh, Burrakur, and Bandgaon roads, were fenced in wherever necessary, and the dead ones replaced.

Establishment.—The existing establishment consists of one sub-overseer and a chaprassee. During the year 1885-86, it is proposed to strengthen the establishment by two road sircars and one more chaprassee. The total length of the roads within the district being upwards of 500 miles, it is hardly necessary to mention that the existing establishment is hopelessly insufficient, and so long as it is not strengthened, it is simply impossible to carry out works.
